3. Collection of Data

A. Server Log Files

When you access our website, our hosting provider automatically collects and stores information in so-called server log files, which your browser transmits to us. These include:

- IP address
- Browser type and version
- Operating system
- Referrer URL
- Time of the server request

This data is necessary for the technical operation and security of the website.

B. Contact

If you contact us via email, the data you provide (name, email address, message content) will be stored by us for the purpose of processing your inquiry and in case of follow-up questions. We do not pass this data on to third parties without your consent.

4. Cookies and Analytics

This website uses Google Analytics cookies to improve user experience. You can configure your browser to reject cookies. We may use anonymized analytics tools to understand how our research is being viewed.

5. Data Security

We use SSL/TLS encryption on this website to protect the transmission of confidential content. You can recognize an encrypted connection by the "https://" in the address line of your browser.

6. Your Rights

Under the Swiss nDSG, you have the right to request information about your stored personal data, its origin, recipients, and the purpose of data processing at any time. You also have the right to demand

the correction, blocking, or deletion of this data. Please contact us at the email address provided above for this purpose.
